01 PROFILE

I am a passionate second-year AI and Machine Learning undergraduate, specializing in Python programming and algorithm development. I actively develop impactful AI solutions, including an AI-driven public health chatbot and computer vision projects. With strong skills in coding, data analysis, and ethical AI, I focus on responsible predictive modeling in finance and healthcare. I excel in technical communication, hackathon prep, and seek remote internships to advance my career while balancing academics and real-world experience.

02 EDUCATION

Jan 2024 — Jan 2028

Hyderabad

Malla Reddy University Hyderabad

Bachelor of Technology - BTech in Computer Engineering

I am currently pursuing my 2nd year of B.Tech in Artificial Intelligence and Machine Learning, with a strong interest in applying theoretical knowledge to practical projects. I have developed skills in Python, data analysis, and basic machine learning algorithms, and I am eager to gain real-world exposure through part-time roles or internships. I am passionate about learning new technologies, solving problems with data-driven approaches, and contributing to innovative AI/ML solutions. With adaptability, teamwork, and a strong growth mindset, I aim to add value to organizations while building my career as an AI/ML professional.

05 COURSES

Sep 2025 — Sep 2025

AI POWERED MARKETER at Semrush Academy

Sep 2025 — Sep 2025

Data Analytics Job Simulation at Delloite

Sep 2025 — Sep 2025

Generative AI For Educators With Gemini at Google

Sep 2025 — Sep 2025

Programming Fundamentals Using Python at Infosys Springboard

Sep 2025 — Sep 2025

HTML-5 at Infosys Springboard

Sep 2025 — Sep 2025

Management:September Series at Unstop

Sep 2025 — Sep 2025

SQL at HackerRank

Sep 2025 — Sep 2025

Cyber Job Simulation at Delloite

Sep 2025 — Sep 2025

MLSC Student Ambassador at Microsoft

06 INTERNSHIPS

Oct 2025

Hyderabad,Remote

WebDevelopment Internship at CodSoft

- Intern at Codsoft, gaining hands-on experience in software development and real-world project execution.
- Working with Python, AI, and web technologies to build and test applications.
- Collaborating with teams using Agile practices and Git for version control.
- Enhancing coding, debugging, and problem-solving skills in a professional environment.
- Contributing to key modules and learning industry best practices from mentors.
